ELS[®]-200[™]

ELEVATOR EMERGENCY LIGHTING SYSTEM

EMERGENCY LIGHTING

Model 003 Remote LED Emergency Light
(P/N: ELS-200-003 includes power supply and (1) ONE 003 remote)

ELS-200 by Man-D-Tec[®]

UNIQUE, PATENTED, EMERGENCY LIGHTING SYSTEM, DESIGNED SPECIFICALLY FOR ELEVATOR APPLICATIONS.

A low-cost solution for emergency lighting. This patented, UL listed 6 volt emergency light system powers a single Man-D-Tec compact remote during a normal power outage.

Contains the following features:

Small remote design (003 remote) allows emergency code compliant lighting to be supplied in almost any drop ceiling application.

Our NEW 003 remote provides significantly increased light output, due to our new high efficiency LED design.

Product Specifications on the back of page.

For NEMA APPLICATION emergency lighting, see model **"ELS-200-N4[™]"** along with the **XP LITE-N4[™]** primary cab lighting and the **MVS[®]-HAZLOC[™]** ventilation system.

BOX MATERIAL .060 Aluminum

DIMENSIONS 7" Overall Length
5" Overall Width
3" Overall Height

CHARGER Automatic Maintains peak battery condition

BATTERY High Capacity, Sealed, 6 volt, Maintenance-Free, Long Life (Part # B-200, incl.)
Exceeds A17.3 4-hour runtime code requirement for emergency lighting

INPUT Line Voltage (110 VAC)

OUTPUT Included Battery (6 VDC)

CUTOFF CIRCUIT Prevents deep discharge from low voltage

TEST SWITCH Verifies system function

Compact Remote

ELS-200-003[™] Includes ELS-200 power supply and model 003 remote
Attractive aluminum housing
Housing makes lamps vandal resistant
Small design allows mounting above drop ceilings (in vent slot)
4.75"L x 1.1"W x 1.5"H

Alarm Bell (Optional)

ESA-1[™] (6 VDC)

The ELS-200 Emergency Lighting System is provided with alarm terminals. The optional ESA-1 is a loud gong style bell, providing up to 95 dB(A). Please specify this option when ordering.

For NEMA APPLICATION emergency lighting, see model "ELS-200-N4[™]" along with the XP LITE-N4[™] primary cab lighting and the MVS[®]-HAZLOC[™] ventilation system.
